

WHAT IS CLAIMED IS:

1. A skin care formulation for topical application to human skin comprising:  
  
approximately 3.9% to 14.1% purified water;  
  
approximately 4.9% to 10.7% humectant;  
  
approximately 3.1 to 4.9% emulsifier;  
  
approximately 1.3% to 4.2% Acetyl Hexapeptide-3;  
  
approximately 5.3% to 16% Wheat Gluten with;  
  
approximately 5.3% to 10.6% Macrocytis Pyrifera;  
  
approximately 8.0% to 16.1% Ceratonia Silaqual;  
  
approximately 4.9% to 9.5% Hespridin Methyl Chalocone;  
  
approximately 4.9% to 9.5% Dipeptide-2 and Palmitoyl Tetrapeptide-3; and  
  
approximately 3.9% to 19.7% Palmitoyl Pentpeptides.
2. The skin care formulation for topical application according to claim 1 wherein the formulation is prepared as a skin cream.
3. The skin care formulation for topical application according to claim 1 wherein the formulation is prepared as a skin serum.
4. The skin care formulation for topical application according to claim 1 wherein the formulation is prepared as a liquid.

5. A method for treating deep skin wrinkles, fine lines, dark circles around the eyes, bags under the eyes, and increasing collagen production comprising topically applying the composition of claim 1 to an area of affected skin.

6. The skin care formulation for topical application according to claim 1 further consisting of:

approximately 4.69% purified water;

approximately 4.49% humectant;

approximately 4.40% emulsifier;

approximately 2.40% Acetyl Hexapeptide-3;

approximately 10.63% Wheat Gluten with;

approximately 5.31% Macrocytis Pyrifera;

approximately 10.63% Ceratonia Silaqual;

approximately 7.35% Hesperidin Methyl Chalocone;

approximately 7.35% Dipeptide-2 and Palmitoyl Tetrapeptide-3; and

approximately 11.70% Palmitoyl Pentpeptides.

7. The skin care formulation for topical application according to claim 6 wherein the formulation is prepared as a skin cream.

8. The skin care formulation for topical application according to claim 6 wherein the formulation is prepared as a skin serum.

9. The skin care formulation for topical application according to claim 6 wherein the formulation is prepared as a liquid.

10. A method for treating deep skin wrinkles, fine lines, dark circles around the eyes, puffiness under the eyes, and increasing collagen production comprising topically applying the composition of claim 6 to an area of affected skin.
